

# Healthcare Careers Factsheet

Healthcare is the region's single largest industry sector. Demand is driven by an aging population larger than generations past; life expectancy that is 8 years longer than 1960; and greater access to coverage provided by the expansion of MaineCare and the passage of the Affordable Care Act. Many employers in this pathway offer tuition benefits, structured career opportunities, and scholarships to move into occupations that are in-demand.

## Industry Summary for the Healthcare Industry

30,508 Jobs (2019) 13% above National Average	0.9% % Change (2018-2019) Nation: 1.0%	\$79,609/year Average Earnings per Job (2019) Nation: \$77,704/year

The healthcare sector is an economic engine in  
Maine and the Coastal Counties Region.  
MaineHealth is the largest employer in Maine.

## Occupations in Healthcare

Occupation	Outlook	Description
Nursing Assistant	Bright	Provide basic patient care under direction of nursing staff. Perform duties such as feed, bathe, dress, groom, or move patients, or change linens. May transfer or transport patients. Includes nursing care attendants, nursing aides, and nursing attendants.
Home Health Aide	Bright	Provide routine individualized healthcare such as changing bandages and dressing wounds, and applying topical medications to the elderly, convalescents, or persons with disabilities at the patient's home or in a care facility. Monitor or report changes in health status. May also provide personal care such as bathing, dressing, and grooming of patient.
Pharmacy Technician	Bright	Prepare medications under the direction of a pharmacist. May measure, mix, count out, label, and record amounts and dosages of medications according to prescription orders.
Medical Records and Health Information Technicians	Bright	Compile, process, and maintain medical records of hospital and clinic patients in a manner consistent with medical, administrative, ethical, legal, and regulatory requirements of the health care system. Process, maintain, compile, and report patient information for health requirements and standards in a manner consistent with the healthcare industry's numerical coding system.
Medical Assistant	Bright	Perform administrative and certain clinical duties under the direction of a physician. Administrative duties may include scheduling appointments, maintaining medical records, billing, and coding information for insurance purposes. Clinical duties may include taking and recording vital signs and medical histories, preparing patients for examination, drawing blood, and administering medications as directed by physician.
Emergency Medical Technicians and Paramedics	Bright	Assess injuries, administer emergency medical care, and extricate trapped individuals. Transport injured or sick persons to medical facilities.
Dental Assistants	Bright	Assist dentist, set up equipment, prepare patient for treatment, and keep records.
Phlebotomists	Bright	Draw blood for tests, transfusions, donations, or research. May explain the procedure to patients and assist in the recovery of patients with adverse reactions.
Surgical Technologists	Bright	Assist in operations, under the supervision of surgeons, registered nurses, or other surgical personnel. May help set up operating room, prepare and transport patients for surgery, adjust lights and equipment, pass instruments and other supplies to surgeons and surgeon's assistants, hold retractors, cut sutures, and help count sponges, needles, supplies, and instruments.
Radiologic Technologists	Bright	Take x-rays and CAT scans or administer nonradioactive materials into patient's blood stream for diagnostic purposes. Includes technologists who specialize in other scanning modalities.

Bright – Occupations are expected to grow rapidly in the next several years or will have large numbers of job openings.

# Banking & Finance Careers Factsheet

The Coastal Counties region is the financial capital of Northern New England. While we tend to think of them as bankers, finance professionals are critical in every workplace environment, including government agencies, non-profit organizations, and corporations. A solid high school education is needed for even an entry-level job as a teller or a billing clerk. To progress through a career pathway, a bachelor's degree in Finance, Accounting, or Business is vital.

## Summary for the Banking & Finance Industry

Community Banks and Credit Unions invest more than money, they also invest in the workforce.

## Occupations in Banking & Finance

Occupation	Outlook	Description
Bookkeeping, Accounting, and Auditing Clerks	Bright	Compute, classify, and record numerical data to keep financial records complete. Perform any combination of routine calculating, posting, and verifying duties to obtain primary financial data for use in maintaining accounting records. May also check the accuracy of figures, calculations, and postings pertaining to business transactions recorded by other workers.
New Accounts Clerk	Bright	Interview persons desiring to open accounts in financial institutions. Explain account services available to prospective customers and assist them in preparing applications.
Tax Preparer	Stable	Prepare tax returns for individuals or small businesses.
Tellers	Stable	Receive and pay out money. Keep records of money and negotiable instruments involved in a financial institution's various transactions.
Accountant	Bright	Analyze financial information and prepare financial reports to determine or maintain record of assets, liabilities, profit and loss, tax liability, or other financial activities within an organization.
Branch Manager	Bright	Direct and coordinate financial activities of workers in a branch, office, or department of an establishment, such as branch bank, brokerage firm, risk and insurance department, or credit department
Loan Officers	Bright	Interview loan applicants to elicit information; investigate applicants' backgrounds and verify references; prepare loan request papers; and forward findings, reports, and documents to appraisal department. Review loan papers to ensure completeness, and complete transactions between loan establishment, borrowers, and sellers upon approval of loan

Bright – Occupations are expected to grow rapidly in the next several years or will have large numbers of job openings.  
 Stable – Stable occupations are not expected to grow or decline in the next several years.

# Construction Careers Factsheet

Construction is a growing industry that literally shapes our landscape for generations. Despite taking a hit during the Great Recession, construction is back and booming in Maine. The industry prepares land for the construction and renovation of all types of structures, including single-family homes, office towers, roads and bridges, and railroads and pipeline. While specializing in skilled occupations like plumbing and electrical will require commitment to apprentice with masters of the trade, these careers pay more than double the minimum wage.

## Industry Summary for the Construction Industry

15,703.22 Jobs (2019) 3% below National Average	0.6% % Change (2018-2019) Nation: 1.7%	\$62,843/year Average Earnings per Job (2019) Nation: \$75,330/year

Sheet Metal Workers	\$18.06	\$23.11	\$27.38

Source: EMSI

Construction represents 3.5% or about 2.3 billion dollars of Maine's GDP. This industry has been growing at a rate of 4% annually since 2014.

## Occupations in Construction

Occupation	Outlook	Description
Carpenters	Bright & Green	Build rough wooden structures such as concrete forms, scaffolds, tunnel, bridge, or sewer supports, billboard signs, and temporary frame shelters, according to sketches, blueprints, or oral instructions
Electricians	Bright & Green	Install, maintain, and repair electrical wiring, equipment, and fixtures. Ensure that work is in accordance with relevant codes. May install or service streetlights, intercom systems, or electrical control systems.
Plumbers & Pipefitters	Bright & Green	Assemble, install, or repair pipes, fittings, or fixtures of heating, water, or drainage systems, according to specifications or plumbing codes.
Construction Laborers (Building and Civil)	Bright & Green	Perform tasks involving physical labor at construction sites. May operate hand and power tools of all types: air hammers, earth tampers, cement mixers, small mechanical hoists, surveying and measuring equipment, and a variety of other equipment and instruments. May clean and prepare sites, dig trenches, set braces to support the sides of excavations, erect scaffolding, and clean up rubble, debris, and other waste materials. May assist other craft workers.
Construction Foreman or Supervisors (Building and Civil)	Bright	Directly supervise and coordinate activities of construction or extraction workers, including organizing people, resources, equipment, and schedules, reviewing blueprints, and evaluating projects to ensure technical compliance.

Bright – Occupations are expected to grow rapidly in the next several years or will have large numbers of job openings.

Source: O\*NET

Green – Green occupations will likely change as a result of the green economy. Green economy activities and technologies are increasing the demand for occupations, shaping the work and worker requirements needed for occupational performance, or generating new and emerging occupations.

# Hospitality Careers Factsheet

They call it “Vacationland” for a reason. Tourism is Maine’s largest industry. Occupations encompass “front of house” staff who interact directly with visitors and customers on a daily basis, as well as “back of house” employees who sustain and manage operations both large and small. Whether you want to craft the next IPA, develop a restaurant menu, or operate a hotel, you will need to develop a repertoire of customer service, teamwork, problem-solving, and leadership skills to deliver an excellent guest experience.

Source: EMSI

The following career tracks represent the most in-demand IT occupations in the Coastal Counties region. While some employers require a degree, many in Maine are moving toward competency-based hiring.

## Occupations in Information Technology

Occupation	Outlook	Description
Software Developers, Applications	Bright	Develop, create, and modify general computer applications software or specialized utility programs. Analyze user needs and develop software solutions. Design software or customize software for client use with the aim of optimizing operational efficiency. May analyze and design databases within an application area, working individually or coordinating database development as part of a team. May supervise computer programmers.
Computer User Support Specialists	Bright	Provide technical assistance to computer users. Answer questions or resolve computer problems for clients in person, or via telephone or electronically. May provide assistance concerning the use of computer hardware and software, including printing, installation, word processing, electronic mail, and operating systems.
Web Developers	Bright	Design, create, and modify Web sites. Analyze user needs to implement Web site content, graphics, performance, and capacity. May integrate Web sites with other computer applications. May convert written, graphic, audio, and video components to compatible Web formats by using software designed to facilitate the creation of Web and multimedia content.
Network and Computer Systems Administrators	Stable	Install, configure, and support an organization's local area network (LAN), wide area network (WAN), and Internet systems or a segment of a network system. Monitor network to ensure network availability to all system users and may perform necessary maintenance to support network availability. May monitor and test Web site performance to ensure Web sites operate correctly and without interruption. May assist in network modeling, analysis, planning, and coordination between network and data communications hardware and software. May supervise computer user support specialists and computer network support specialists. May administer network security measures.
Computer Network Support Specialists	Stable	Analyze, test, troubleshoot, and evaluate existing network systems, such as local area network (LAN), wide area network (WAN), and Internet systems or a segment of a network system. Perform network maintenance to ensure networks operate correctly with minimal interruption.

Bright – Occupations are expected to grow rapidly in the next several years or will have large numbers of job openings.  
 Stable – Stable occupations are not expected to grow or decline in the next several years.

# Manufacturing Careers Factsheet

Advanced Manufacturing is making a comeback in Maine and the Coastal Counties region. Ship and boat building, composites, and aerospace continue to represent major employers, but other industries such as breweries and specialty foods are growing, as well. While in the past workers were expected to perform one task well, today's team assemblers are cross trained not only to conduct a variety of tasks, but to continuously improve the manufacturing process through troubleshooting, problem-solving, and decision making. In addition, the modern manufacturing plant demands highly skilled workers who can use computer-aided design platforms to streamline production. Given that half of all manufacturing workers are over 45, there's a pressing need to train new workers to become valued members of production teams.

## Industry Summary for the Manufacturing Industry

29,380 Jobs (2019) 8% above National Average	1.3% % Change (2018-2019) Nation: 0.8%	\$77,803/year Average Earnings per Job (2019) Nation: \$86,496/year

Source: EMSI

Due to many factors including an aging workforce, the Advanced Manufacturing sector is growing in Maine and the Coastal Counties region.

## Occupations in Manufacturing

Occupation	Outlook	Description
Team Assemblers	Green	Work as part of a team to assemble an entire product or component of a product, including rotating, problem-solving, and troubleshooting through each task in the manufacturing process.
Supervisors of Production Workers	Green	Directly supervise and coordinate the activities of production and operating workers, such as inspectors, precision workers, machine setters and operators, assemblers, fabricators, and plant and system operators.
Welders	Stable	Use hand-welding, flame-cutting, hand soldering, or brazing equipment to weld or join metal components or to fill holes, indentations, or seams of fabricated metal products.
Machinists	Green	Set up and operate a variety of machine tools to produce precision parts and instruments. May also fabricate and modify parts to make or repair machine tools or maintain industrial machines, applying knowledge of mechanics, mathematics, metal properties, layout, and machining procedures.
Inspectors, Testers, Sorters, Samplers, and Weighers	Green	Inspect, test, sort, sample, or weigh nonagricultural raw materials or processed, machined, fabricated, or assembled parts or products for defects, wear, and deviations from specifications. May use precision measuring instruments and complex test equipment.

Source: O\*NET

Green – Green occupations will likely change as a result of the green economy. Green economy activities and technologies are increasing the demand for occupations, shaping the work and worker requirements needed for occupational performance or generating new and emerging occupations.

Stable – Stable occupations are not expected to grow or decline in the next several years.
