

Business and Employer Services

- **Help finding qualified, skilled candidates**
- **Assistance posting your company's job openings**
- **Reduce recruitment costs**
- **Increasing workplace productivity and performance**
- **Saving money on employee work skills and classroom training**

If you are interested in obtaining information on how you (your company) might be eligible to receive assistance with the above, contact one of our business service representatives for information on no-cost employee training options, applicant assessment, and recruitment services.

Workforce Solutions staff, working with partner agencies, can assess your workforce training needs and provide eligible employers with workforce development services free of charge. We know how important collaborative work with employers is to the development of a skilled workforce. As a result, we use several strategies tailored specifically to meet the human resource and staff development needs of our region's employer community.

Available Services:

- Job Posting, Recruitment, and Pre-Screening of Applicants
- Facilities for Conducting both One-on-One and Group Interviews
- Labor Market Information
- Customized Employee Training
- On-the-Job Training
