

Organization Overview	The Maine Community College System provides associate degree, diploma, certificate programs, and short-term trainings directed at the educational, career and technical needs of the State's citizens and the workforce needs of the State's employers. The primary goals of the System are to create an educated, skilled, and adaptable labor force that is responsive to the changing needs of the economy of the State and to promote local, regional, and statewide economic development. https://www.mccs.me.edu/
Program Overview	Maine's community colleges offer nearly 300 degree and certificate options that are designed to lead to immediate employment or continued education. Programs are funded in part by the Carl D. Perkins Career and Technical Education and Training Act of 2006, which are distributed to seven Maine Community Colleges. https://www.mccs.me.edu/our-programs/
Populations served	Maine's community colleges are open access institutions and seek to admit all students who meet certain minimum requirements.
Resources	Maine's community colleges offer a variety of services and resources to help students get started in college and complete their program of study. Services include: ▪ Academic counseling ▪ Career counseling ▪ Tutoring ▪ Services for students with disabilities ▪ Childcare (many of the colleges have childcare facilities and offer scholarships to help with the cost of childcare) ▪ Transfer assistance
